

# LINEA BELLA

customcrafters

# MEET THE COLLECTION

Though Custom Crafters is known for custom pieces, we saw an opportunity to tighten lead times and keep sustainable practices top of mind by designing our own line of “made to measure” office furniture, with standard options available in select sizes. Thus, Linea Bella was conceptualized.

Completely designed and produced by Custom Crafters, Linea Bella is a truly inspirational line of American-made furniture that’s beautiful, artfully-crafted yet priced competitively. Drawing inspiration from Italian design and craftsmanship, the furniture has simple and elegant lines which bring a classic, sophisticated look to any space.

With Linea Bella, each piece is approached with the same attention to detail you’ve come to expect from Custom Crafters’ artisans. **Meet Linea Bella.**

## + SPECIFICATION NOTES

✓ Solid surface (SS) finishes can be specified on any surface tops. Plastic laminate (PL) can be specified on any surface tops or bases.

Wood finish (WD) can only be specified for the bases.

● The transaction top can be specified in the center, to the left or right -- as viewed from the front. It is not adjustable in the field, so it must be specified upon order so the drill holes align.

Transaction counter is a preassembled unit with predetermined mounting location.

Reception desk comes standard without storage. Can be specified with optional matching box/box/file, file/file and/or lateral file cabinets.

# SALERNO COLLABORATIVE TABLE

The Salerno Collaborative Table, named after the lively port town, features sleek, uncomplicated lines for a contemporary look. Its bullnose edge and subtle quirk give it a look that is both timeless and sophisticated. Its clean lines and simple design make it a versatile piece of furniture that can be used in a variety of settings.

# TORINO CONFERENCE TABLE

Drawing inspiration from the lively and elegant city at the foot of the Alps, the Torino Conference Table brings a feeling of strength, style and excellent performance to meeting rooms. The combination of materials procured, excellent craftsmanship and state of the art technology create a table that is both beautiful and powerful. The legs are true 4x4s with a solid surface top that is 0.5" thick. The four legs appear to punch through the countertop and celebrate the structure and fabrication of the piece itself.

# VENICE CONFERENCE TABLE

Named after the City in the Sea, the Venice Conference Table cultivates community like no other. Built upon a traditional triangular-shaped H-base, a solid surface pours over the sides with softened, rounded edges reminiscent of an island in the canal. You'll be inspired to achieve great things when congregated around this beautiful table.
