

Meet your new office furniture from Custom Crafters! Here are a few tips to keep these products like new.

Avoid direct sunlight which alters appearance and fades fine woodwork.

Avoid excessive and repetitive impact. It weakens the structure of the furniture over time.

Prevent direct contact with moisture. It will cause discoloration and warping.

Use furnishing as they were intended to help maintain its appearance and functionality.

Avoid abrasives and chemicals. Routine cleaning with a dampened cloth will help to maintain furniture appearance, keeping colors bright and textures as they should be.

Enjoy your custom furniture!
